WHY MOTHERS WORRY

Did you ever hear a mother worry over a plump child? There is no better bank of health for a child to draw from than a good supply of healthy flesh.

Scott's Emulsion not only gives a child weight and plumpness, but it feeds the brain, bones and nerves with strength and active power.

Fewer mothers would worry if they knew more about Scott's Emulsion.

Scott's Emulsion is substituted by cheap emulsions and so-called wines, cordials and extracts of cod-liver oil. They can do you no good and are dear at any price. Why buy them? Scott's Emulsion has been the one reliable preparation of cod-liver oil for nearly thirty years.

We'll send you a sample free upon request. SCOTT BOWNE, 409 Pearl Street, New York.

An alarm of fire was rung in on Thursday morning at 10:30 and on responding thereto, flames were discovered devouring the stable in the rear of Jeff Wilson's home near the railroad track. It seemed for awhile as though there would be a general conflagration and those who lived in the neighborhood and had valuables, had them in such a condition that they could quickly be moved. So warm did the fire become that all of the horses were taken from Cronk's stable, which is close by. The good work of the fire department was so good however, that the flames were soon extinguished without any other buildings becoming ignited. There was not much of value in the building except a few tons of hay, several sacks of wheat and a quantity of potatoes. The fire is supposed to have caught from the burning cinders which were dumped into a hole along side the building by Southern Pacific employes. John Hanley, who had a fine vegetable garden just behind the burning building, is mourning the loss of all his green stuff, which was prematurely cooked by his neighbor's fire.

CHARLES W. CLARKE SUED.

The Bank of California Asks Judgment for $25,000 on Notes.

This week the Bank of California commenced suit in the Superior Court of this county to recover $25,000 from Charles W. Clarke, eldest son of Senator Clarke of Montana, on two promissory notes executed by young Clarke on December 31st, 1903. The complaint recites the fact that no part of the notes have been paid and the bank prays for judgment for that amount together with interest from the date of the execution of the notes. Thursday Clarke became a benedict in San Francisco having married Miss Celia Tobin.

He is the owner of the $150,000 Hobart place, at San Mateo, where he lives, and is the manager of the Senator's rich copper mine at Jerome, Arizona, which it is said turns out $1,000,000 net to the owner every month. He is also a partner with his father and brother in a Butte bank. From these he is accredited with drawing $25,000 a month for spending money. This is his second marriage, his first wife dying in New York and leaving a young son. His famous railroad race across the continent in a special train, with all rights of way to land him at the bedside of the dying wife, was noted at the time.

Some time ago the Board of Supervisors of this county granted Mr. Clarke and Mr. Bowie a franchise to construct a steam and electric railroad from San Mateo to Halfmoon Bay, and some work has been done on the proposed road.

Republican County Committee.

The Republican County Committee met last Saturday in the law offices of Geo. C. Ross. There were present John MacBain, C. T. Conneily and John Morton representing W. B. Lawrence.

The committee transacted much business. The date of holding the county convention was fixed for Saturday, October 1st in this city. The date for holding primaries will be on September 24th. At this convention will be nominated an Assemblyman and three members of the Board of Supervisors.

On Saturday the committee appointed delegates to the State convention to be held at Santa Cruz on August 25th, as follows: At large, Geo. C. Ross and Grove Ayres; First township, passed; Third township, J. H. O'Keefe; Fourth township, Horace Nelson; Fifth township, passed.

The appointment of delegates from each precinct to the County convention was based upon the vote of the last State election for Lieutenant Governor, as follows—one delegate for every twenty votes or fraction of ten.

The delegates to the State convention from the Second and Fifth townships will be appointed by the county committeemen from those districts.

Lomita Park.

San Mateo county is rapidly becoming the home of many San Francisco men of all walks of life. So rapidly have San Mateo and Burlingame grown that they are now nearly one large town. Seeing the growth of this section, Ansel M. Easton has put upon the market one of the choicest sections of his estate and though this new subdivision, Lomita Park, as it is called, has been on sale only two weeks, a large number of lots have already been sold, and in the course of two or three weeks several houses will be in the course of construction. The disposal of this new residence site has been placed in the hands of Selby, Rogers & Co. of 116 California street, San Francisco. The property is part of that owned by Ansel Easton, the first county surveyor of this county. Mr. Easton foresaw the fact that San Francisco would outgrow its limits and with the idea of some day subdividing his land, planted rows of eucalyptus and cypress trees which border every driveway. Lomita Park is about one mile north of Millbrae, on the line of the electric railway and is about a half mile south of the point of beginning of the proposed bay shore cut-off.

Bay Circuit Vaudeville Co.

J. E. Funk, manager of the Bay Circuit Vaudeville Company was in Redwood Tuesday and engaged the Alhambra theater for every Tuesday night, commencing August 16th. The performance will consist of high class vaudeville, illustrated songs and up-to-date moving pictures. The pictures and entire performance will be changed each week. Among the pictures on the opening night will be the famous picture called, "The Great Train Robbery." All pictures will be accompanied with mechanical effects back of the curtain, making one feel like they were looking at a real scene and not a picture. Admission, children 10 cents; adults 15 cents.

Admitted to Citizenship.

The following aliens were admitted to citizenship in the Superior Court this week: George Hobden, a native of England, admitted on the testimony of W. H. H. Hart and Wm. Allen; Thomas P. Rosa, a native of Portugal, admitted on the testimony of Joe Roza and J. J. Machado; Joseph A. Fernandes, a native of Portugal, admitted on testimony of P. P. Chamberlain and Joe Rodgers; Jessie Bent, a native of Portugal, admitted on testimony of J. A. Fernandes and Joseph Rodgers; Manuel Homem, a native of Portugal, admitted on testimony of Joe Roza and Joe Pachico.

Will Be a Candidate.

John MacBain, the well known contractor and builder, announces that he will be a candidate for the nomination for the office of supervisor of the Third township, subject to the decision of the Republican County Convention, which meets in this city Saturday, October 1. Mr. MacBain is too well known to need any laudation at this time. It is safe to say, however, if nominated, and this appears to be certain, he will make a strong run for the office.

On a Deer Hunt.

Last Monday a party composed of Still Sears, Vic Mitchell, Bert Werder, William Carnduff, Kenneth Murray, George Russell, Charles Buss, went to Page's Mill to hunt deer on the Robart ranch and were very successful having killed three deer. Russell and Murray of the party returned Thursday with large quantities of venison which they distributed among their friends. Deer are reported to be quite plentiful in that locality.

On May 17th one of the sprinkling carts in the First township collided with Michael Sullivan, a San Francisco blacksmith, and he was badly injured, and for said injuries sustained by him he now asks the county to pay him damages in the sum of $10,000.

At the meeting of the Board of Supervisors Monday, Sullivan furnished a statement of when and how the mix-up between himself and the wagon occurred, with an itemized account of the losses sustained by him. The statement is as follows:

State of California, City and County of San Francisco.—ss. Michael Sullivan being duly sworn deposes and says: That he is a blacksmith of the age of 38 years and has followed that occupation for the period of thirty years; that he has a place of business situated at 2458 San Bruno road, City and County of San Francisco, State of California; that on the 17th day May, 1904, affiant was driving (with a one-horse cart) along the county road running from San Francisco to Baden, about one-half mile from the county line of San Francisco and San Mateo counties, met a watering cart belonging to the County of San Mateo; that affiant was going in the opposite direction of the watering cart and must pass the same; that affiant drove to the right side of the road and stopped to allow the watering cart to pass and left almost the entire track or roadbed free for the passage of said watering cart; that the driver of the watering cart stopped the sprinkler on said watering cart when about fifteen feet from where affiant's horse was standing, proceeding to drive along in the center of the road and in the track of said road; that the said watering cart never stopped, but moved steadily along and stopped sprinkling, as above mentioned, about fifteen feet in advance of affiant's horse; that affiant's horse shied slightly when the watering cart was within about fifteen or twenty feet of affiant, and that was probably the cause of the driver of the watering cart stopping the sprinkler; that when the sprinkler of said watering cart was even with affiant's horse the driver of said watering cart started the sprinkler, throwing water over affiant's horse and causing a volume of dust to arise. This frightened affiant's horse, and said horse lunged forward, throwing affiant and his cart against a telegraph pole; that there was no reason for the starting of said sprinkler until said watering cart should have passed affiant's horse; that had the driver of said watering cart given affiant one-half of the road, as he was entitled, affiant could have guided his horse between the telegraph pole and the watering cart, and thus avoided the accident; that affiant was injured as the result of said accident to the following amounts, to-wit:

Injury to cart	$ 25 00
Injury to business on account of affiant being incapacitated	3,000 00
Injury to affiant, personal injury	6,000 00
Doctor bill and medicine	975 00
Total	$10,000 00

At the request of Attorney H. W. Brown the matter of the proposed ordinance regulating the location of cemeteries near Colma was deferred for two weeks.

Afternoon Session.

The Board reconvened at 1:30 pursuant to adjournment during the morning session. All the members answered roll call.

District Attorney Joseph J. Bullock presented a draft of an ordinance regulating the speed of automobiles through the county. He had explained that he had prepared the ordinance at the request of the Sheriff who had received complaints of late. He requested the Board to carefully pursue same and offer amendments and changes as they saw fit, in order that the ordinance may be passed at the next meeting of the Board. After considerable discussion it was decided to prohibit automobilists from riding on certain mountain roads and on others, a speed no greater than five miles an hour would be permitted. The Supervisors expressed themselves satisfied with the ordinance as it will be amended and same will be adopted at the next meeting of the Board.

Geo. C. Ross presented on behalf of Mrs. Ansel S. Easton a map of the new subdivision known as Lomitas Park, near Millbrae, and asked to have same accepted. On motion of Eikerenkotter seconded by McEvoy the map was ordered filed and the streets accepted for public use. The following resolution was passed and adopted:

Whereas, Adeline Mills Easton, proprietor of a certain tract of land in the County of San Mateo, State of California, situated on the northeasterly side of the county road leading from San Francisco to San Jose, being a portion of the Buri Buri Rancho, and lying between Burlingame and Millbrae, has caused a portion of the same to be surveyed, laid out and subdivided into 160 lots for the purpose of sale, and has caused to be made an accurate map or plat thereof particularly setting forth and describing all the parcels of ground within such subdivision reserved for public purposes by their boundaries, courses and extent, and also all lots intended for sale by number of lot and block and their precise width and dimensions, said map being designated as "Map of Lomita Park" and said subdivision having been made in June, 1904, by D. Bromfield, C. E., and

Whereas, said Adeline Mills Easton did on the first day of August, 1904, duly acknowledge the said map or plat before Geo. C. Ross, a notary public in and for said County of San Mateo, and said notary public did on said day duly affix thereto his certificate of such acknowledgment in due form of law, and

Whereas, the aforesaid map or plat is now presented to this Board for acceptance,

Now therefore be it resolved, that San Anselmo avenue, San Antonio avenue, Santa Lucia avenue, Santa Domingo avenue San Marco avenue, San Luis avenue and San Filipe avenue, as delineated on said map, be and the same are hereby accepted on behalf of the public by the Board of Supervisors of the County of San Mateo as dedicated to public use in accordadce with an act of the Legislature of the State of California, entitled "An Act requiring the recording of maps of cities, towns, additions to cities or towns, or subdivisions of land into small lots or tracts for the purpose of sale, and providing a penalty for the selling or offering for sale any lots or tracts in cities, towns, additions to cities, towns, subdivisions, or additions thereto, before such maps are filed and recorded", approved March 9, 1893, (Statutes of 1893, Chapter LXXX) and as amended by amendment of section 3 of said act (Statutes of 1901, Chapter CXXIV), and the Clerk of this Board is directed to endorse acceptance on said map as follows, to-wit:

"San Anselmo avenue, San Antonio avenue, Santa Lucia avenue, Santa Domingo avenue, San Marco avenue, San Luis avenue and San Felipe avenue, as shown and delineated on this map, are hereby accepted by the Board of Supervisors of the County of San Mateo on behalf of the public as dedicated to public use in accordance with and subject to the terms of a resolution of said Board adopted this first day of August, 1904;" and

Resolved, that this resolution is adopted and said map accepted upon and subject to the express condition that the County of San Mateo does not hereby become responsible or liable for any expense, cost or charge as to any such avenues or streets, or any thereof, whether for grading, macadamizing or for any other road purpose, this condition and the incurring of any exyense, cost or charge being left to the discretion of future Boards of Supervisors any member thereof, or said County of San Mateo, be liable in damages in any sum or amount arising by or through any defect of any kind in any of said avenues or highways.

The Hawaiian-American Construction Company presented a bill for $1200 for work done, but the Finance Committee failed to pass upon it. The claim is for part payment of extra cost of raising the basement one foot. The original cost is $1600, but the work cannot be finally completed until the old court house is out of the way.

On motion of McEvoy seconded by Eikerenkotter the claim was referred to the District Attorney.

Eikerenkotter was authorized to direct the County Surveyor to prepare plans and specifications for a bridge at the six mile house near San Bruno.

Eikerenkotter brought up the matter of furnishing a stone to the Sloat monument saying that the Board had some time ago promised Major Sherman that the appropriation for same would be made.

On motion of Eikerenkotter seconded by McCracken and appropriation of $200 was made for that purpose. It is likely the court house contractors will prepare and dress the stone from the material used in the court house building.

The changes in the court house were then taken up and discussed.

Item No. 3, to substitute granite steps and tile platform to the west entrance instead of cement was discussed at some length. Mr. Goletti presented some samples of artificial granite that appeared to the Board as being as good as granite and it could be put in for a much less cost. The material was accepted and Mr. Goletti was requested to submit his figures at the next meeting of the Board.

Item No. 5 to furnish 11 vault doors, six in basement and five in other stories, for $3089, was, on motion of McEvoy seconded by Eikerenkotter, referred to the clerk and architect to ascertain the number actually needed.

Item No. 6, to substitute Alpine plaster instead of ordinary plaster, was fully discussed. A representative of The Best's Keene's Cement Co. was presented and submitted samples. He explained that it would cost no more than one-fifth the ordinary plaster and was being used in all large buildings in San Francisco. He claimed it to be much superior to Alpine plaster. It was accepted by the Board and the Company was requested to submit figures at the next meeting of the Board.

The Board adjourned until 10 a. m. August 15th.

Said bonds are of the denomination of $500 each and bear date of August 1st, and are to run for the period of ten years. James Ingram and John McGreavy, two high class and bright commedians of New York, who are well known in vaudeville circles as Brady and Brady, will give a performance here next week. They have not as yet announced the program but it is safe to say it will be replete with interesting features. They will be assisted by James Tobin, the world's famous monologist.

Miss Emma Kugeler and Miss Mabel McIntyre, two young ladies who formerly lived here and who grew to womanhood in this community, will be married in San Francisco next week. Both are charming young women and their many friends here wish them a happy wedded life. The engagement of the latter's sister, Miss Mary McIntyre, is announced and the wedding will take place in the near future.

Next Monday Rose and Kitty Lynch will depart for Santa Rosa to enter the Ursuline College at that place to take a four years' course. The institution is in charge of the Ursuline Sisters and is one of the best institutions for young ladies on the coast. In the departure of Miss Rose Lynch the Gaelic League loses one of its brightest pupils. She is so far advanced that she translates and speaks the Gaelic language fluently.

Surveyors have been running lines near Ravenswood for the last six weeks, says the Palo Alto Times, and there is considerable interest in regard to what their work may portend. It has been known for some time that some railroad company (possibly the Santa Fe) is interested in building a road across the bay from Dumbarton Point to Cooley's Landing. The distance there is a mile and a quarter and is the narrowest portion of the south arm of the bay. Considerable land along this side of the bay between here and the city has been purchased during the past year and these purchases are supposed to be on behalf of the proposed railway line. The development of this matter will be watched with much interest.

The California Fruit Canners' Association, one of the largest concerns of its kind on the coast, has arranged to build a large cannery at Ravenswood. The cannery planned would cost now about $75,000, but the association will move a cannery from some other locality. The amount to be expended, however, in buildings and equipment, will be between $35,000 and $40,000. Mr. Varger of Petaluma, by way of experiment this year, planted the Cooley ranch in tomatoes and cucumbers and found the soil peculiarly adapted to these plants. He has 365 acres in tomatoes and 60 acres in cucumbers and the crop is simply wonderful. The tomatoes are very large and almost perfect. The marked success at once attracted the California Fruit Canners' Association and they are making arrangements to lease 1000 acres in the neighborhood of Ravenswood for next season's crop. Not all the land bordering on the bay is adapted to the desired product, but wherever a section of land is suitable it will be leased for crops that promise best returns from that particular soil.

Reports from Dr. Orrin L. Elliott, registrar at Stanford University, indicate that Stanford will receive the largest class in its history when the doors of the institution open this fall. Every year but one—that of the unfortunate Ross-Howard misunderstanding—the number of matriculates at the beginning of the first semester has steadily increased. In spite of the continuous raising of the standard required for entrance, in spite of the increased number, complexity and difficulty of entrance examinations, in spite of the famous "five hundred" rule limiting the number of girls allowed to register for work at the university, in spent even of the latest restriction placed upon students—that no woman student is allowed to enter in partial standing, as her more favored brothers are—the number has grown, until from a freshman class numbered only by scores, Stanford's gates are besieged by hundreds anxious to enter. It is also noticeable that, while the entrance requirements have been growing stricter, it has been found necessary to flunk fewer than before. In the early days the victims of the red "exit" card habit were seldom fewer each year than 150; now, while the standard of scholarship is infinitely higher, it is very seldom that the number of those "taken to the edge of the campus and dropped off" exceeds 80 or 90.

Murray, Miss Johanna Synan, the Misses Mamie and Jennie Lynch, and the Misses Margaret and Rena Roach. St. Joseph booth—Mrs. James R. Doyle, president; assistants, Mrs. M. F. Duff, Mrs. E. J. Crane, Mrs. David Tuttle, Mrs. James G. Mason, Mrs. James Farrell, and Mrs. W. A. Doyle. Sacred Heart booth—Mrs. Thomas Fitzgerald, president; assistants, Mrs. P. J. Kiley, Miss Jennie Carolan, Miss Mary Harkins, and Miss Nellie Morey. Gaelic League booth—Mrs. David Roche, president; assistants, Miss Marie Doyle, Miss May McCullough, and the Misses Delia and Mamie Roche, and many other members of the Gaelic League. Mrs. Jennings has donated a beautiful painting to this booth. Rare prizes are to be drawn for and amongst them are Mr. M. Crow's colt of wondrous pedegree and Miss Johanna Synan's doll, the pride of Menlo Park. Mrs. Ward is the happy recipient of a beautiful crayon sketch by Miss Frances Coons. This generous donation of Miss Coons is greatly appreciated. All who have seen this work of art pronounce it one worthy of the best artist of the day. Miss Coons is a recent graduate of the Academy of the Sacred Heart of Menlo Park and is a young lady of many brilliant attainments. A full list of the donations will be published next week.

UNCONSTITUTIONAL MEASURE

Legislature Shall Fix Compensation of Justices and Constables.

The Justices and Constables in this county are now breathing easier, on Wednesday of last week the Supreme Court handed down a decision in the case of E. H. Tucker against the Auditor of Fresno county to the effect that the law passed by the Legislature of 1901, regulating the salaries of Justices of the Peace in accordance with the population of their respective jurisdictions, was invalid. It is held that the measure is in conflict with the constitutional provision which says that the Legislature shall fix the compensation of all officers in proportion to their duties.

Briefly the facts are these: The County Government Act (Fresno county section) provides that justices of the peace shall receive "the fees allowed by law" as compensation and then classifies townships according to population, limiting justices in townships of less than 6,000 inhabitants to $90 a month in the amount they shall receive from the county regardless of the number of cases disposed of, the fee for each criminal case being $3.

The same day the Supreme Court handed down a decision in James McCauley, a justice of the peace of Amador county, against the Auditor of said county. In Amador county the law is the same as in this county, the township officers receiving salaries fixed according to population. The Amador County Auditor refused to pay the plaintiff's salary, claiming the act was unconstitutional. The justice sued the Auditor and the Superior Court held the law to be constitutional, and this decision is now sustained by the Supreme Court.

WOODSIDE.

WOODSIDE, August 5—A unique and high class entertainment is in store for the people of Woodside. It will be a rare treat for all those who attend. The Menlo Park Comedy company will appear here on Saturday evening, August 13th, with a fine aggregation of artists. There will be Gaelic dancing and Gaelic singing by the Pratt sisters and Miss Burns of San Francisco, recitations by J. H. O'Keefe and Harry Moore of Menlo Park, and singing by the well known basso, James T. Lynch and the sweet voiced Thomas Gardner. Miss Mae Driver of Utah, who possesses a fine soprano voice, will appear on this occasion. It is worth going miles to hear the warbler. James Ingram and John McGreavy, two New York comedians, will keep the audience in roars by their latest stunts in song and dance. This talent appeared a short time ago at Menlo Park and made a decided hit. After the show there will be a dance. The proceeds of the affair will be applied to the organ fund of the Portola church. If you want to have a good laugh—and a good laugh is medicine to some—don't fail to attend this novel entertainment.

Mr. Rogers will still continue his prosperous business at South City.

THEDFORD'S BLACK-DRAUGHT THE ORIGINAL LIVER MEDICINE

A sallow complexion, dizziness, biliousness and a coated tongue are common indications of liver and kidney diseases. Stomach and bowel troubles, severe as they are, give immediate warning by pain, but liver and kidney troubles, though less painful at the start, are much harder to cure. Thedford's Black-Draught never fails to benefit diseased liver and weakened kidneys. It stirs up the torpid liver to throw off the germs of fever and ague. It is a certain preventive of cholera and Bright's disease of the kidneys. With kidneys reinforced by Thedford's Black-Draught thousands of persons have dwelt immune in the midst of yellow fever. Many families live in perfect health and have no other doctor than Thedford's Black-Draught. It is always on hand for use in an emergency and saves many expensive calls of a doctor.

Mullins, S. C., March 10, 1901.

I have used Thedford's Black-Draught for three years and I have not had to go to a doctor since I have been taking it. It is the best medicine for me that is on the market for liver and kidney troubles and dyspepsia and other complaints. Rev. A. G. LEWIS.

SAN FRANCISCO SEAWALL ACT.

CHAPTER CCXI.

An act to provide for the issuance and sale of State Bonds to create a fund for the construction by the Board of State Harbor Commissioners of a seawall and appurtenances in the City and County of San Francisco; to create a sinking fund for the payment of said bonds; and providing for the submission of this act to a vote of the people.

(Approved March 20, 1903.)

The people of the State of California, represented in Senate and Assembly, do enact as follows:

Section 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the erection of a seawall and appurtenances in the City and County of San Francisco, at a cost not to exceed two million dollars (which said seawall and appurtenances the board of state harbor commissioners are hereby empowered to construct in the manner authorized by law, and at a cost not to exceed said two million dollars), the state treasurer shall, immediately after the issuance of the proclamation of the governor, provided for in section ten hereof, prepare two thousand suitable bonds of the state of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of two million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the time of the sale thereof, and both principal and interest shall be payable in gold coin of the present standard of value, and they shall be payable at the office of the state treasurer, at the expiration of nineteen years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date, the second day of January, A. D. nineteen hundred and five, and shall be made payable on the second day of January, nineteen hundred and twenty-four A. D. The interest accruing on such of said bonds as are sold, shall be due and payable at the office of the said state treasurer on the second day of January, and on the second day of July, of each year after the sale of the same; provided, that the first payment of interest shall be made on the second day of January, A. D. nineteen hundred and six, on so many of said bonds as may have been theretofore sold. At the expiration of nineteen years from the date of said bonds, all bonds sold shall cease to bear interest, and, likewise, all bonds redeemed by lot shall cease to bear interest as in this act provided, and the said state treasurer shall call in, forthwith pay, and cancel the same, out of the moneys in the San Francisco seawall sinking fund provided for in this act, and he shall, on the first Monday of January, nineteen hundred and twenty-four, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer, and each shall have the seal of the state stamped thereon. Each bond shall contain a clause that it is subject to redemption by lot after the year 1914.

Sec. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall be signed by the state treasurer. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser.

Sec. 3. The sum of one thousand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the San Francisco harbor improvement fund on controller's warrants duly drawn for that purpose.

Sec. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as said treasurer shall be directed by the governor of the state, under the seal thereof, after a resolution requesting such sale shall have been adopted by the board of state harbor commissioners; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered, and he may, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. The costs of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund, to be known and designated as the "San Francisco Seawall Fund" and must be used exclusively for the construction of seawalls and appurtenances thereto on the water front of the city and county of San Francisco. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Francisco harbor improvement fund.

Sec. 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as the "San Francisco Seawall Sinking Fund" shall be and the same is hereby created, as follows: The state treasurer shall, on the first day of each and every month after the sale of said bonds, take from the San Francisco harbor improvement fund such sum as, multiplied by the time the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said San Francisco harbor improvement fund, less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the San Francisco seawall sinking fund created by this act. Said state treasurer shall, on controller's warrants duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the state of California, or of the several counties or municipalities of the state of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have theretofore been sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage, to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the state of California. Between the first and the tenth day of November, in the year nineteen hundred and fourteen, and between the first and the tenth day of November of each year thereafter until the maturity of said bonds, the said treasurer shall, in the presence of the governor, proceed to draw by lots such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of December following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn, and that the principal of said bonds will be paid on presentation to the treasurer on or before the second day of January, following, and that from and after such last named date all interest upon bonds thus drawn shall cease and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same and the interest coupons thereon, and each year beginning with the year 1914 the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereabove stated. After the payment of all of said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund. At the time of the respective drawings by lot as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

Sec. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

Sec. 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

Sec. 8. This act, if adopted by the people, shall take effect on the thirty-first day of December, A. D. nineteen hundred and four, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Sec. 9. This act shall be submitted to the people of the state of California for their ratification at the next general election, to be holden in the month of November, A. D. nineteen hundred and four; and all ballots at said election shall have printed thereon, and at the end thereof, the words "For the San Francisco Seawall Act," and in a separate line under the same the words "Against the San Francisco Seawall Act," and opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against the said act, and those voting for said act shall do so by placing a cross opposite the words "For the San Francisco Seawall Act," and all those voting against the said act shall do so by placing a cross opposite the words "Against the San Francisco Seawall Act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at such election, as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act, then the same shall be and become void.

Sec. 11. This act may be known and cited as the "San Francisco Seawall Act."

Sec. 12. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

WHERE TO SPEND VACATION.

Hints Given in Free Book Published by the California Northwestern Railway.

Of course you are going to have a period of rest this year, but, do not decide as to where you will pass this season until after you have read "Vacation 1904." This is a book issued annually by the California Northwestern Railway Company, which gives information regarding the many rest and pleasure resorts to be found on that road. These resorts are numerous enough and varied enough to supply thousands of people with whatever may be needed in the way of relaxation and recreation, and at prices which may suit every one's pocket.

To begin with, there is no prettier part of California than that through which winds the California Northwestern Railway. This is, in itself, a pleasure, and this is enhanced by the splendid equipment of the road and the ceaseless watchfulness, care and unfailing courtesy of the employees.

Aside from the attractive features of the road, the country traversed by it is richly endowed with mineral springs, which restore health and vigor to the ailing; woods and copses in which game abounds, running water and lakes in which swimming and boating may be indulged, and streams from which the trout may be drawn in all its beauty. While enjoying these, people may live in tents, farm houses, or hotels, just as inclination suggests.

Information on all these features is found in "Vacation 1904," which contains over 150 pages, and which is richly illustrated. The cost of maintenance at each place is also given from $7.00 per week upward.

"Vacation 1904" may be had at the offices of the California Northwestern Railway, or by mail, in response to a request addressed to the General Passenger Agent, San Francisco.
